

MNICS AIR OPERATIONS WORKING TEAM – 2013 ASSIGNMENT WORKSHEET # 19 Flight Helmet Maintenance—Bill Schuster

ISSUE: Persons who inspect agency flight helmets are due to attend training on flight helmet maintenance.

BACKGROUND: Some agencies require pilots and crew to wear flight helmets. These helmets must be properly inspected and maintained to insure the integrity of the helmet.

RECOMMENDATIONS / EXPECTED PRODUCT: Agencies will have the opportunity to send personnel to this training session that will be held in conjunction with the 2013 MNICS/GLFFC Annual Aviation meeting in March of 2013.

A. Implementation Plan: Bill Schuster and Mike McLaughlin will coordinate the meeting with a representative/trainer from Gibson and Barnes

B. Tasked to:

a. Individual – Bill Schuster

C. Target Completion Date: March 13, 2013

Update: 3/6/13 – The training is scheduled for 3/13 in conjunction with the annual GLFFC/MNICS Aviation Workshop. 12 students will participate from various agencies.

Submit completed products/reports to Chair, Jill Hebl, so they can be forwarded to the MNICS Task Force for review/approval.
