

MNICS AIR OPERATIONS WORKING TEAM – 2017 ASSIGNMENT WORKSHEET # 12

ISSUE: Retardant Avoidance/Invasive Species maps for iPads with QR code posted to MNICS site.

BACKGROUND: Currently, there is no set “format” to the iPad maps being used. We would like to develop one map with different layers and have the map available by QR code for incoming pilots, ATGS’s and IMT’s. Layers may include high values at risk, etc.
