

MNICS AIR OPERATIONS WORKING TEAM – 2017 ASSIGNMENT WORKSHEET # 22

ISSUE: Water enhancing gel (Fire Ice, Blazetamer, etc) use in large airtankers

BACKGROUND: MN DNR is moving towards more water enhancing gels and less retardant. Partners would like to know if the gels can be loaded into contract airtankers instead of retardant.

RECOMMENDATIONS / EXPECTED PRODUCT:

A. Implementation Plan:

B. Tasked to:

- a. Individual –Matt Woodwick**
- b. Group –**
 - i. Leader –**
 - ii. Committee –Jeff Nelson, Dan Smith**
 - iii. Meeting Date(s) –TBD**
 - iv. Meeting Location –**

C. Target Completion Date: Fall 2017

Submit completed products/reports to the Chairman so they can be forwarded to the MNICS Task Force for review/approval.
