

MNICS AIR OPERATIONS WORKING TEAM – 2017 ASSIGNMENT WORKSHEET # 27

ISSUE: Ensure fire is named or numbered prior to aircraft dispatch

BACKGROUND: Fires are not always named or numbered prior to aircraft dispatches. In some cases this led to confusion over which fire the aircraft were responding to.

RECOMMENDATIONS / EXPECTED PRODUCT:

A. Implementation Plan: Work with Operations working team and recommend that this be discussed at RT-130's and dispatcher workshops. Consider using the size up card from the IRPG to prompt the IC to name the fire.

B. Tasked to:

- a. Individual –
- b. Group –
 - i. Leader – Bruss
 - ii. Committee – Carroll
 - iii. Meeting Date(s) –TBD
 - iv. Meeting Location –

C. Target Completion Date: February 15, 2017

Submit completed products/reports to the Chairman so they can be forwarded to the MNICS Task Force for review/approval.
