

ALL-HAZARD INCIDENT COMPLEXITY ANALYSIS			
Incident Name:		Date:	
Incident Number:		Time:	
<i>This Complexity Analysis is weight based on the relevance to Life Safety, Incident Stabilization and Property Conservation</i>			
Complexity Factors			Circle if Pertinent
Impacts to life, property and the economy			
Urban interface; structures, developments, recreational facilities, or potential for evacuation.			3
Community and Responder safety			
Performance of public safety resources affected by cumulative fatigue.			5
Overhead overexhausted mentally and/or physically.			5
Communication ineffective with tactical resources or dispatch.			6
Incident action plans, public/responder briefings, etc. missing or poorly prepared.			5
Resources unfamiliar with local conditions and tactics.			5
Potential hazardous materials			
Potential of Hazardous Materials			4
Weather and other environmental influences			
Unique natural resources, special-designation areas, critical municipal watershed, protected species habitat, cultural value sites.			3
Likelihood of cascading events			
Variety of specialized operations, support personnel or equipment.			5
Potential crime scene (including terrorism)			
Potential crime scene			4
Potential of terrorism			5
Political sensitivity, external influences and media relations			
Sensitive political concerns, media involvement or controversial policy issues.			4
Organizational performance values and product development			
Non-IAP products not being developed or deficient			2
Availability of Resources			
Operations are at the limit of span-of-control			4
Unable to properly staff air operations			4
Limited local resources available for initial attack/response			4
Heavy commitment of local resources to logistical support			4
Existing forces worked 12 hours without success.			4
Percentage Score (total circled figures)			%
If 10% or lower, consider going to or staying at Type 4 Team			
If 10% - 25%, maintain or consider going to Type 3 Team			
If greater than 25%, increase to Type 2 Team or additional overhead
