

Local Area Year in Review Questions

1. Did any major events occur in your area last year?
2. Discuss significant events and trends from your local response area in 2023. How did last year compare to a typical fire year? What is the outlook for 2024?
3. How do you define fire season?
4. What information do you use to understand the severity of a fire day, a week, a weekend, a season? And how do you use that information to support personal decisions related to your role in fire?
