

Fire Shelter and Entrapment Avoidance

Prework

Read the “Fire shelter Training” document. Use this as a guide to develop the most realistic training scenario that you can accomplish at your RT 130. At the very least, students can wear gloves and hardhats to simulate PPE requirements.

Come up with three discussion questions to ask after the video

Scenario

Watch the video “inside the Shelter”

Ask the discussion questions to the group

Successful Practice deployment

- 25 Seconds or less
- Feet Towards the Fire
- Talk to your “buddies”
- Stay in for 1 Minute
- Positive Mental Attitude
- Visualize you are in an actual scenario
